Additional ACE IT Services

aceRemotelIT is a complete managed IT service for businesses with 5-100 PCs. Your business shares our centralized computer infrastructure and network resources at a fraction of the cost of purchasing your own. We can also install and service additional networks, LANs, PCs, and servers for you, if you so choose.

aceCloud gives you access to our cloud server and a host of Internet applications that will make you and your team more collaborative and more productive.

aceGuardian provides the data backup and security every organization needs. We monitor your servers and network 24/7/365, we backup your data automatically, and we make sure your PCs are protected against security threats.

aceInfrastructure can design and implement all your IT requirements and also provide setup and install enhancements like video surveillance, keycard door security, in-ceiling and conference room audio/video, and teleconferencing, with ongoing monitoring and maintenance.
